# 1 System Overview

## Topics covered in this chapter

- ◆ Release 2019.1 New Features
- ◆ Before You Begin

The Odyssey® File & Serve™ system enables registered users to file documents with the court anytime, anywhere, 24 hours a day, seven days a week. This highly automated, scalable system provides clients the opportunity to transition from an inefficient, paper-based process to a streamlined, technology-based electronic filing (e-filing) system.

## Release 2019.1 New Features

This section lists the new features for Release 2019.1.

**Note: Features vary based on your system configuration.**

### Add Support for Date of Death

A new **Date of Death** field has been added to the **Party Information** section.

**Note: This feature is configured by Tyler and may not be available on your system.**

The screenshot shows a web form titled "Party Information". At the top, there are tabs for "Party Type", "Party Name", and "Lead Attorney". The "Party Type" dropdown is set to "Petitioner". Below this, there are several sections of input fields. The "Date of Death" field is highlighted with a red box and contains the value "5/14/2019". A blue callout bubble with the word "New" points to this field. Other fields include "Party Type" (Decedent), "Party is a Business/Agency" (checkbox), "This is a represented party" (checkbox), "First Name" (Jane), "Middle Name", "Last Name" (Doe), "Suffix" (Click to sel...), "Email Address" (ghost text for this), "Country" (United States of America), "Address Line 1", "Address Line 2", "City", "Region" (Click to select State), "Postal Code", "Phone Number", "Filer ID", "Lead Attorney" (firm attorney), "Drivers License Type" (Class A), "Drivers License State" (Illinois), "Drivers License Number" (12345678), "Social Security Number", "Gender" (Click to select Gender), and "Interpreter" (Click to select Interpreter). At the bottom, there is an "Add Attorneys" button and "Undo" and "Save Changes" buttons.

Figure 1.1 – Party Information Section with the Date of Death Field

Refer to [Entering Date of Death in Party Information Section](#), page 89 for more information.

### Add Support for Will Filed Date

A new **Will Filed** field has been added to the **Case Information** section.

**Note:** This feature is configured by Tyler and may not be available on your system.

Figure 1.2 – Case Information Section with the Will Filed Field

Refer to [Filing a New Case with a Will Filed Date](#), page 75 for more information.

**Add Ad Damnum Field to Case Information Section**

The Ad Damnum (damages) amount is now displayed in the **Case Information** section for existing cases. This new field allows filers to see the Ad Damnum amount on cases they are filing into so they can make accurate selections for their filings.

**Note: This feature is configured by Tyler and may not be available on your system.**

Figure 1.3 – Ad Damnum Amount in the Case Information Section

Refer to [Filing into an Existing Case with an Ad Damnum Amount](#), page 198 for more information.

**Add Ability to Display Redaction Fees**

The transactional redaction fee is now displayed in the **Fees** section of a case filing. Filers can see the amount they will be charged for a transactional redaction on a specified envelope.

**Note: The Redaction feature is configured by Tyler and may not be available on your system.**

Figure 1.4 – Redaction Fee in the Fees Section

Refer to [Entering a Filing with Redacted Documents](#), page 145 for more information.

**Add Ability to Prevent Use of Waivers with Transactional Redactions**

Beginning with Release 2019.1, filers will not be able to use waivers when they are using the Redaction feature in their case filings.

**Note:** The Redaction feature is configured by Tyler and may not be available on your system.

After the filer selects a filing code in the **Filings** section, a message is displayed, informing the filer that a waiver cannot be used when performing a redaction.

## Before You Begin

This guide is intended for firm users and for users with the Criminal Filing Filer role.

**Note: The information in this document applies to both firm users and users with the Criminal Filing Filer role except where specific differences are noted.**

### Firm User

Only Firm Administrators can add and manage firm users. Please contact your Firm Administrator to request any changes.

### Criminal Filing Filer

Only Criminal Filing Firm Administrators can add and manage Criminal Filing Filers. Please contact your Criminal Filing Firm Administrator to request any changes.

**Note: You must have the Criminal Filing Filer role assigned to you if you want to file criminal cases. Criminal Filing Firm Administrators also must have the Criminal Filing Filer role assigned to them if they want to file criminal cases.**

### Payment Accounts

Only Firm Administrators and Criminal Filing Firm Administrators can add and manage payment accounts. Please contact your Firm Administrator or Criminal Filing Firm Administrator to request any changes.

### Attorneys

Only Firm Administrators and Criminal Filing Firm Administrators can add and manage firm attorneys. Please contact your Firm Administrator or Criminal Filing Firm Administrator to request any changes.

### Setup

Before you begin, review this information to successfully operate the software.

**Note: Depending on your setup, all features may not be available. As a result, your screen may vary from what is shown in this document.**

## System Requirements

This section describes the recommended requirements to successfully use the system.

If your browser does not meet the minimum requirements listed below, contact your network administrator.

Browser	Support
Microsoft® Edge®	Yes
Internet Explorer® 6–11	Limited. Support is subject to limitations as set by the browser vendor.
Chrome™ (latest released version)	Yes
Mozilla® Firefox® (latest released version)	Yes
Safari® (latest released version)	Yes <b>Note: Safari on iOS is not supported.</b>

- Operating Systems – The system supports Microsoft® Windows®, Linux®, Chrome OS™, Android™, and OS X® desktop class operating system software.

**Note: iOS is not supported.**

- Minimum Hardware Requirements – The system supports the following hardware:
  - Intel® Core™ Duo processors or Advanced Micro Devices, Inc. (AMD) processors manufactured in 2012 or later
  - 2 Gigabytes (GB) of Random Access Memory (RAM)
  - 1366 x 768 resolution screens for desktop computers, or 1280 x 720 resolution screens for mobile devices
- Recommended Hardware Requirements – Tyler recommends the following hardware:
  - Intel® Core™ i3 or AMD A6 processors with at least a 2.0 GHz clock speed
  - 4 GB of RAM
  - 1920 x 1080 resolution for both desktop computers and mobile devices
- Connection Requirements – A high-speed Internet connection is recommended.
- Document Format – The Adobe® PDF is the only format allowed for attaching documents in Odyssey File & Serve HTML5.

## Page Navigation

The following sections describe how to navigate the system and populate data fields throughout the filing process.

### Keyboard Shortcuts

At any time while you are in the Odyssey File & Serve system, you can use keyboard shortcuts for assistance. Press SHIFT+? to display the following window.

Figure 1.6 – Keyboard Shortcuts Window

Press any shortcut key to initiate an action depending on the key you pressed. The keyboard shortcuts are designed to make your experience flow more smoothly and to help you to gain efficiency in using the system.

**Note:** The tab key is not functional within the Safari application program.

## Resume Filing

During the filing process, the system automatically saves a draft of each page on which you have completed all required fields. This feature allows you to stop work on a filing and resume at a later time. To resume filing a saved draft, navigate to the *Filing History* page and find the draft that you want to complete. From the **Actions** drop-down list, select **Resume Draft Envelope**.

**Figure 1.7 – Actions Drop-Down List**

## Error Messages

The system displays several error messages to alert you when either required information is not entered or invalid information is provided.

### Enter Data in Required Fields

Required fields are outlined in red on your form. If the information is not entered in the required fields, you will receive error messages when you try to advance to the next page.

**Note:** Required fields may vary in different sections.

## Orientation

When you sign in to Odyssey File & Serve, the *Filer Dashboard* page is displayed. From here, drop-down lists provide various filing options.

### Filer Dashboard and Actions Drop-Down List

Start a new case or add a filing to an existing case, using one of two methods:

- From the *Filer Dashboard* page

Figure 1.8 – Filer Dashboard Page

From the **Actions** drop-down list

Figure 1.9 – Actions Drop-Down List

The **Actions** drop-down list can also be used for other case actions.

Click the home icon (  ) from any page in the system to return to the *Filer Dashboard* page.

### Start a New Case

Click **Start a New Case** to open a new case and enter the required information. You can also select **Start a New Case** from the **Actions** drop-down list.

### File Into Existing Case

Click **File into Existing Case** to locate an existing case and add a filing to the case. You can also select **File Into Existing Case** from the **Actions** drop-down list.

The *File Into Existing Case* page includes tooltips. Pause on the case type to view the tooltip associated with that case type.

Figure 1.10 – File Into Existing Case Page with Tooltip Displayed

### Filing History

After uploading and submitting your filing, it is displayed on the *Filing History* page. From here, you can view the status of your filing, check the filing type, get a document description, see the number assigned to your case, review the details of the case, and cancel a filing. You can also pause on a filing description to see the tooltip associated with that description.

## Templates

Envelope templates allow you to quickly file into a case or create a new case from a template that you have created, saving you time. Templates exist for new case filings and existing case filings.

Figure 1.12 – Templates Page

### Firm Service Contacts

The **Firm Service Contacts** feature displays all of the service contacts associated with your firm. Firm service contacts can also be deleted from a firm.

### Bookmarks

The *Bookmarks* page displays a list of case numbers, locations, and descriptions for the cases that you have bookmarked. Only you and your firm (depending on the firm setup) can see this information. Neither the public nor any other firm can see your case list.

## Reports

You can create reports on your filing activity and export the reports into an easily accessible Microsoft® Excel® file.

The Financial Reconciliation Report contains a report at the **Envelope** level that is designed to help you reconcile your filing fees to your credit card statements.

The Filings Report is a detailed look into every filing, filing status, and fee associated with the filings that your or your firm performed.

# 2 E-Filing Overview

## Topics covered in this chapter

### ◆ Filing Queue Status

This section describes the e-filing process.

**Figure 2.1 – The E-Filing Process**

Once a user has registered to use Odyssey® File & Serve™, a filer can electronically file documents to the court. When the filing is submitted, the filing is electronically delivered to the clerk's inbox. The clerk then reviews the filing and either accepts, rejects, or returns the filing.

If the clerk accepts the filing, the case is docketed and set to appear in the clerk's case management system. An email is sent to the filer with the case status, along with any pertinent information regarding the case. If the option for service was selected during the filing, service is electronically sent to the contacts on the case.

If the filing is returned or rejected, the envelope is sent back to the filer with a reason for the rejection, and the filer is given a time line in which to make the correction and resubmit the filing.

If the filer has questions regarding the filing or case, it is recommended that the filer contact the local court.

## Filing Queue Status

The filing queue status lets you know where you are in the e-filing process. The key represents the status listed for your filing.

The following filing status key table describes the status associated with each filing type.

**Note: EFO – EFile Only; EFS – EfileAndServe; SO – Service Only**

Status	Filing Type	Definition
Draft	EFO, EFS, SO	The filer has entered full or partial filing data, but has not yet submitted the filing.
Submitting	EFO, EFS, SO	The filer has submitted the filing, but the document file format and payment information have not been verified on the back end.
Submitted	EFO, EFS, SO	The document file format and payment information have been verified and accepted, but the filing has not yet entered the Review Queue/Workflow Process.
Court Processing	EFO, EFS, SO	Some additional action needs to be taken by the court.
Under Review	EFO, EFS	A clerk reviewer has selected a filing from a queue.  <b>Note: Once a filing reaches the Under Review status, it cannot return to the Submitted status. Selecting the End Review retains the Under Review status and returns the filing to the queue.</b>
Received	EFO, EFS	The filing has been acknowledged by the court as received, but it is not being transmitted to the case management system to become part of the court record. The filing may or may not be part of the proposed order work flow.
Accepted	EFO, EFS	The reviewer has reviewed the filing and accepted it.
Rejected	EFO, EFS	The reviewer has reviewed the filing and rejected it.

Status	Filing Type	Definition
Returned	EFO, EFS	The reviewer has reviewed and returned the filing because the filer must take additional action.  <b>Note: The filer can cancel or copy a filing in the Returned status.</b>
Served	SO	Service Only filings are completed.
Service Incomplete (Service Only filings)	SO	One or more servings failed; the service was incomplete. Example: The email or domain was rejected.
Canceled	EFO, EFS, SO	The filer has canceled the filing. The filer can only cancel draft and submitted filings.
Submission Failed	EFO, EFS	A file format or billing error has occurred when the filer submitted the filing. Failure specifics are available on the <i>Details</i> page, and the filer is notified of specifics through email.

# 3 Home Page

## Topics covered in this chapter

- ◆ Registering as a Firm User
- ◆ Resetting Your Password

The *Home* page serves as the gateway to the system. From this page, you can register, sign in, view training sessions, and get contact information for Technical Support.

**Note:** To join a firm, request an invitation from your Firm Administrator.

**Court Information**

**Welcome to the court filing portal for your state!**

This portal allows you to easily file and serve electronic court documents. You can access this portal from any of your internet enabled devices. The courts that are currently setup are listed below. We are in the process of adding the remaining courts.

## Court Information

The **Court Information** panel provides links to the courts in your area. Click those links to access detailed information about the courts, including their location and general information about each court.

## Actions

The **Actions** panel is where you sign in to the system or register as a user.

The **Sign In** area is where you sign in to and use the Odyssey File & Serve system. Type your email address and password to sign in to Odyssey File & Serve.

The **Register** link takes you to the page where you can register in the system by using your name and contact information. Odyssey File & Serve requires all users – whether Firm Administrators, attorneys, or individuals representing themselves – to be registered in the system.

## Self Help

The **Self Help** panel contains links to online training sessions, answers to questions regarding e-filing, and user documentation.

The following types of documents are available to help you answer many of your day-to-day operation questions:

- The *Individual Filer User Guide* provides step-by-step instructions on using the system. The user guide covers activities such as signing into the system, searching for existing cases, selecting the e-file and serve options, performing an e-file and serve, and changing user settings and passwords.
- The *Firm Administrator Guide* is specifically for the Firm Administrator. This guide covers administrative functions such as registering the firm, managing firm users, payments, and attorney accounts, as well as creating and editing the firm's service contact lists.
- The *Firm and Criminal Filing Filer User Guide* is specifically for the firm users and the users with the Criminal Filing Filer role who are not Firm Administrators. This guide covers activities such as signing into the system, searching for existing cases, selecting the e-file and serve options, performing an e-file and serve, and changing user settings and passwords.
- The *Quick Reference Guide* (QRG) provides only the steps needed to complete common tasks such as registering for an account, initiating a new case, and filing into an existing case.

## Registering as a Firm User

You can create an account with a firm and register as a firm user after you have been invited to join the firm.

**Note: If you would like to have an account with the Odyssey File & Serve system, contact your Firm Administrator. Your Firm Administrator can invite you to join the firm through email. Follow the link provided in the email, and then join the firm in the Odyssey File & Serve system.**

To register as a firm user, perform the following steps:

1. Click the link in the invitation email to join a firm.

You have been invited to join firm GF Law. Please use this link to begin electronic filing with Odyssey File and Serve.

A message is displayed asking if you are a human and not a robot.

6. Select the **I'm not a robot** check box.

**Note:** The size of the screen that is displayed may vary, depending on where you are in the system when you request a password reset.

The screenshot shows the Tyler Technologies logo at the top left, consisting of a cluster of blue and green dots. To the right of the logo is the text "tyler technologies" in a blue and green font. Below the logo is an "Email Address" input field. Underneath the input field is a reCAPTCHA box containing an unchecked checkbox labeled "I'm not a robot" and a reCAPTCHA logo with the text "reCAPTCHA Privacy - Terms". At the bottom center of the form is a "Reset Password" button.

A screen might be displayed from which you must select specified images. If so, continue with the next step. If not, continue with Step 8.

7. Click the requested images, and then click

Verify

If you selected the proper images during the verification process, the first screen is displayed again, and the **I'm not a robot** check box is now selected.

**Note:** The size of the screen that is displayed may vary, depending on where you are in the system when you request a password reset.

This screenshot is identical to Figure 3.10, but the checkbox labeled "I'm not a robot" is now checked, indicated by a green checkmark to its left. The "Verify" button from the previous step is no longer visible.

8. Click

Reset Password

When you have successfully selected the correct images (if you were asked to do so), the system displays the following message: A password reset link has been sent to the email address

associated with your account. If you do not see the password reset email in your Inbox, please check to see if it was delivered to your spam folder.

9. Check your email inbox.
10. Locate the email from Odyssey File & Serve.
11. Click the link that is labeled click **here** to reset your password.

You are prompted to create a new password.

12. Type a new password in the **New Password** field.
13. Retype your new password in the **Repeat New Password** field.
14. Click **Change Password**.

A confirmation page displays the following message: Your password has been changed successfully.

# 4 Sign In and Sign Out

## Topics covered in this chapter

- ◆ Signing In
- ◆ Signing Out

All users are required to sign in to e-file and e-serve a document or to check the status of an existing filing. It is also a best practice for users to sign out after they have completed their transactions.

## Signing In

Sign in by using the email address and password that you provided during the registration process. You must sign in to be able to e-file or e-serve documents.

**Note:** Click  to register if you have not registered before.

To sign in, perform the following steps:

1. Navigate to the Odyssey File & Serve *Home* page.

2. Click .
3. Type your email address and password (which is case sensitive) in the fields provided.

A screenshot of the sign-in page. At the top, there is a message box with an information icon and the text "Please sign in to continue". Below this are two input fields: "User ID" and "Password". A blue "Sign In" button is positioned below the password field. At the bottom left, there is a link that says "Forgot Password?".

**Figure 4.1 – Sign In Page**

4. Click .

**Note: After you make several failed attempts to sign in to the system, your account is locked. You can unlock your account by clicking [Forgot Password?](#)**

Once you have successfully signed in, you can begin to e-file and e-serve documents.

## Signing Out

This section describes how to sign out of Odyssey File & Serve.

Perform the following steps to sign out:

1. From the profile drop-down list on the page, click **Sign Out**.

**Figure 4.2 – Sign Out Option on Profile Drop-Down List**

The *Sign Out* page is displayed.

**Figure 4.3 – Sign Out Page**

2. Return to the *Home* page to sign in to the system.

# 5 Profile Preferences

## Topics covered in this chapter

- ◆ Changing the User Password
- ◆ Changing the Security Question
- ◆ Managing Notifications

The profile drop-down list provides options for changing your password and managing your notifications.

## Changing the User Password

Change your password from the *Manage Security* page.

To change the user password, perform the following steps:

1. From the profile drop-down list, select **Manage Security**.

**Figure 5.1 – Profile Drop-Down List**

The *Manage Security* page is displayed.

The screenshot shows a web interface titled "Manage Security". It contains two main sections:

- Change Password:** This section has a dark header. Below it, there are three input fields: "Old Password", "New Password", and "Re-enter New Password". At the bottom right of this section are two buttons: "Undo" and "Save Changes".
- Change Security Question:** This section also has a dark header. Below it, there is a message box that says "You must enter your password in order to update your security question and/or answer." Below the message box are three input fields: "Security Question" (with the text "Name of my heart dog?"), "Security Answer", and "Current Password". At the bottom right of this section are two buttons: "Undo" and "Save Changes".

Figure 5.2 – Manage Security Page

2. Type your old password, followed by your new password. Then, retype your new password.

**Note:** Your password is case sensitive and must be at least eight characters in length with at least one lowercase letter, one uppercase letter, and one number or symbol.

3. Click  to change your password, or click  to exit without changing your password.

## Changing the Security Question

Change your security question from the *Manage Security* page.

Perform the following steps to change your security question:

1. From the profile drop-down list, select **Manage Security**.

Figure 5.3 – Profile Drop-Down List

The *Manage Security* page is displayed.

 The screenshot shows the 'Manage Security' page. It has a dark header with the title 'Manage Security'. Below the header are two main sections. The first section is titled 'Change Password' and contains three input fields: 'Old Password', 'New Password', and 'Re-enter New Password'. At the bottom right of this section are 'Undo' and 'Save Changes' buttons. The second section is titled 'Change Security Question' and contains a message box that says 'You must enter your password in order to update your security question and/or answer.' Below this are three input fields: 'Security Question' (with the text 'Name of my heart dog?'), 'Security Answer', and 'Current Password'. At the bottom right of this section are 'Undo' and 'Save Changes' buttons.

Figure 5.4 – Manage Security Page

2. Change your security question and answer by typing your new information in the **Security Question** and **Security Answer** fields. Then, type your current password in the **Current Password** field.

3. Click  to change your security information, or click  to exit without changing your security information.

## Managing Notifications

You can set your notification preferences for receiving filing information.

Perform the following steps to set your email notifications:

1. From the profile drop-down list, select **Manage Notifications**.

The *Manage Notifications* page is displayed.

The screenshot shows the 'Manage Notifications' page with a dark header. Below the header, the section is titled 'Email Notifications' with the instruction 'Select the email notifications that you wish to receive.' There are six notification options, each with a checked checkbox: 'Filing Accepted', 'Filing Rejected', 'Filing Submitted', 'Service Undeliverable', 'Filing Submission Failed', and 'Filing Received'. At the bottom right, there are two buttons: 'Undo' and 'Save Changes'.

**Figure 5.5 – Manage Notifications Page**

2. Select the check boxes that correspond to the methods by which you want to be notified of filing information. The options that you can select include **Filing Accepted**, **Filing Rejected**, **Filing Submitted**, **Service Undeliverable**, **Filing Submission Failed**, and **Filing Received**.

3. Click  to save your notification selection, or click  to exit without changing your notification information.

# 6 Filer Dashboard

## Topics covered in this chapter

### ◆ Dashboard Filing Category Descriptions

The *Filer Dashboard* page is the starting page for all filings. From here, you can start a new case, file into an existing case, and check the status of all filings that have been made.

Figure 6.1 – Filer Dashboard Page

The home icon () next to the **Actions** drop-down list can be clicked from any page in the system to return to the *Filer Dashboard* page.

## Dashboard Filing Category Descriptions

The status of all filings can be found in the **My Filing Activity** pane on the *Filer Dashboard* page.

The following table lists the status categories and their descriptions.

Filing Category	Description
<b>Pending</b>	Click to view envelopes that have been submitted and are being processed. Envelopes with a <b>Pending</b> status remain pending until there is some action from the court.
<b>Accepted</b>	Click to view envelopes that have been accepted by the court and are filed.
<b>Returned</b>	Click to view envelopes that have been returned from the court to be corrected.

Filing Category	Description
<b>Drafts</b>	Click to view envelopes that have not been submitted yet.
<b>Served</b>	Click to view envelopes that have service-only filings that have been delivered. Envelopes with a <b>Served</b> status have been delivered to the party.

# 7 Payment Accounts

## Topics covered in this chapter

- ◆ Unavailable Payment Accounts
- ◆ Draw Down Account User Interface

## Unavailable Payment Accounts

During a filing, if any payment account is unavailable, the system notifies you that you are trying to use an invalid account.

A blue link is displayed after the **Payment Account** field. The link contains the following phrase: [View Unavailable Payment Accounts](#).

The screenshot shows a window titled "Fees" with a "Proposed Order" section. It contains a table of fees and several form fields. A blue link "View Unavailable Payment Accounts" is visible below the "Payment Account" dropdown.

# 8 Templates

## Topics covered in this chapter

- ◆ Creating a Template
- ◆ Editing a Template
- ◆ Using a New Case Template
- ◆ Using an Existing Case Template
- ◆ Viewing Template Details
- ◆ Deleting a Template

## Creating a Template

Envelope templates allow you to quickly file into a case or create a new case from a template that you have created, which saves you time.

To create a new template, perform the following steps:

1. From the **Actions** drop-down list on the *Filer Dashboard* page, select **Templates**.

The *Templates* page is displayed.

Figure 8.1 – Templates Page

2. Click  .

The *New Template* page is displayed.

**Figure 8.2 – New Template Page**

3. To create a new template, type a name for the template in the **Template Name** field. Then, select one of the following options:
  - Click the **New Case** option when creating a template for a new case.

**Figure 8.3 – Template Information Section with New Case Option Selected**

- Click the **Existing Case** option when creating a template for an existing case (i.e. subsequent filing).

Figure 8.4 – Template Information Section with Existing Case Option Selected

4. Click  to save your changes, or click  to cancel the action.

**Note:** Only the template name is required. You can enter as little or as much information on a template as you want.

5. Complete the fields in the **Case Information** section:

- a. Select your court location from the **Location** drop-down list.

**Note:** The court location is generally the county or district court where you will be doing the filing.

- b. Select the specific court from the **Refine Location** drop-down list.

**Note:** The location filtering feature is configured by Tyler and may not be available on your system.

**Note:** The items in this list are limited to only the courts in the county or district that you previously selected.

- c. Select the category from the **Category** drop-down list.

**Note:** The items in this list are determined by the location you selected.

- d. Select the case type from the **Case Type** drop-down list.

**Note:** The items in this list are determined by the category you selected.

**Note:** The case type can be configured to mask the text that would be displayed for the case category and case type values. The masking is configured by Tyler at the court's request. It may not be available on your system.

The fee associated with the case type is displayed.

- e. Select the case subtype from the **Case Sub Type** drop-down list.

**Note:** The Case Sub Type feature is configured by Tyler and may not be available on your system.

**Note:** The items in this list are determined by the case type you selected.

## Filing a New Case (Firm User)

You can file a new case in a couple of ways.

**Note:** This section is intended for firm users who do not have the Criminal Filing Filer role assigned to them.

To file a new case, perform the following steps:

1. From the **Actions** drop-down list on the *Filer Dashboard* page, select **Start a New Case**.

**Note:** You can also click **Start a New Case** on the Filer Dashboard in the New Filing section.

The *Start a New Case* page is displayed.

2. Complete the details for the new case by using the drop-down lists in the required fields in the **Case Information** section:

**Note:** A red box around the field indicates that it is required.

- a. Select your court location from the **Location** drop-down list.

**Note:** The court location is generally the county or district court where you will be doing the filing.

- b. Select the specific court from the **Refine Location** drop-down list.

**Note:** The location filtering feature is configured by Tyler and may not be available on your system.

**Note:** The items in this list are limited to only the courts in the county or district that you previously selected.

- c. Select the category from the **Category** drop-down list.

**Note:** The items in this list are determined by the location you selected.

- d. Select the case type from the **Case Type** drop-down list.

**Note:** The items in this list are determined by the category you selected.

**Note:** The case type can be configured to mask the text that would be displayed for the case category and case type values. The masking is configured by Tyler at the court's request. It may not be available on your system.

The fee associated with the case type is displayed.

- e. Select the case subtype from the **Case Sub Type** drop-down list.

**Note:** The **Case Sub Type** feature is configured by Tyler and may not be available on your system.

If the selected date is verified, you will receive confirmation.

The screenshot shows a window titled "Return Date" with a dark header bar. Below the header, there is a section for "Out of State Service" with an unchecked checkbox. Underneath, the text "Select a Return Date and Verify" is displayed. A date input field contains "8/7/2018" and is accompanied by a calendar icon showing the number "10". To the right of the date field is a "Verify" button. Below the date field, a message states "Return Date has been verified." At the bottom right of the window, there are two buttons: "Undo" and "Save Changes".

Figure 9.113 – Return Date Section – Return Date Verified

If the selected date is not verified, the system may change the date. If the date is changed, you will receive a notification that the date has changed.

The screenshot shows the same "Return Date" window. The "Out of State Service" checkbox remains unchecked. The "Select a Return Date and Verify" section now shows the date input field containing "8/10/2018", which is highlighted in yellow. The calendar icon still shows "10". The "Verify" button is present. Below the date field, a message in red text states "Return Date has changed!". At the bottom right, the "Undo" and "Save Changes" buttons are visible.

## Reverify Return Date

The system forces users to verify the return date if certain data in the filing changes before the filing was completed.

**Note: This feature is configured by Tyler and may not be available on your system.**

The system forces the filer to verify the return date when any of the following fields change:

- Location
- Case Category
- Case Type

- Party Connection Type
- Attorney
- Lead Attorney
- Filing Code
- Filing Attorney
- Case Cross References

Filers who resume a draft of a filing and subsequently change any of the specified fields are also forced to verify the return date before they can complete the filing.

## Reverifying a Return Date

**Note:** This feature is configured by Tyler and may not be available on your system.

To reverify the return date, perform the following steps:

1. From the **Actions** drop-down list on the *Filer Dashboard* page, select either **Start a New Case** (to enter a new case filing) or **Filing History** (to resume a draft).
2. Enter the details for the case filing, or continue with your draft filing.
3. In the **Return Date** section, select the return date and verify it, but do not save your changes.
4. Next, make changes to one or more of the specified fields of the filing.

The **Return Date** section is displayed again with a message indicating that the return date must be verified.

**Note:** The system forces you to reverify the return date to ensure that the date is still valid because you changed one or more of the specified fields.

**Figure 9.117 – Return Date Section**

5. Select a return date, and then click  .

The system will either verify your selected return date, or assign a new date.

6. Click  .
7. Click  to review a summary of your filing.
8. Review the filing for accuracy. If you need to make any changes, click  to display the previous page.
9. Make any necessary corrections, and then click  again.

## Capability for Filing Hearing Date

**Note: This feature is configured by Tyler and may not be available on your system.**

Filers can search for available hearing dates and then select a specified date. The hearing date is reserved in the system.

Filers can select a hearing date in a couple of ways:

- The filer completes a case filing and then submits it. Then the filer is prompted to select a hearing date and time.
- After a filing has been submitted, if a hearing was not previously scheduled, the filer can view the envelope details and then select a hearing date and time.

The filer schedules a hearing date and time on the *Request Hearing Date* dialog box.

**Figure 9.118 – Request Hearing Date Dialog Box**

If the filer requests a hearing date that is not available, an error message is displayed.

**Figure 9.119 – Request Hearing Date Dialog Box Showing Unavailable Hearing Date**

If the system is unable to display available hearing dates, an error message directing the filer to try again is displayed.

**Figure 9.120 – Request Hearing Date Dialog Box Showing That the System is Unavailable**

If the filer is unable to schedule a hearing, an error message indicating that the reservation failed is displayed.

**Figure 9.121 – Request Hearing Date Dialog Box Showing a Failed Reservation**

After a hearing has been scheduled, the date and time of the hearing are displayed on the *Envelope* page.

If the date and time that you selected are available, the system saves your selections. If the date and time that you selected are not available, an error message is displayed. If an error message is displayed, follow the directions provided in the message.

**Note:** If you do not want to schedule a hearing at this time, click  on the *Request Hearing Date* dialog box. A hearing will not be scheduled now, but you can schedule a hearing at a later time on the *Envelope* page.

## Scheduling a Hearing Date for an Existing Case Filing

You can schedule a hearing for a case filing for which no hearing was previously scheduled.

**Note:** This feature is configured by Tyler and may not be available on your system.

To schedule a hearing for an existing case filing, perform the following steps:

1. From the **Actions** drop-down list on the *Filer Dashboard* page, select **Filing History**.

The *Filing History* page is displayed.

2. Locate the case for which you want to schedule a hearing.

3. From the **Actions** drop-down list for the specified case, select **View Filing Details**.

The *Envelope* page for the specified case is displayed.

4. Locate the **Hearing Date** section.

## Setting the Maximum Fee Amount for a Filing

Filers can specify the maximum amount that fees associated with a filing should not exceed. Filers enter the amount in the **Fees Not To Exceed** field in the **Fees** section of a filing. If, during the court review process, the Reviewer changes the filing so that the fees exceed the filer-specified maximum amount, the Reviewer will be notified, and the change will not be accepted.

**Note: The Fees Not To Exceed field is configured by Tyler and may not be available on your system.**

To set the maximum fee amount for a filing, perform the following steps:

1. From the **Actions** drop-down list on the *Filer Dashboard* page, select **Start a New Case**.

**Note: You can also click Start a New Case on the Filer Dashboard in the New Filing section.**

## Court Fees for Additional Case Parties

The system supports the ability to configure court fees that are to be applied to a party type.

**Note: The ability to collect court fees is configured by Tyler and may not be available on your system.**

When a specific combination of node, case type, and party type matches the configured rule, a court fee is assessed for additional parties that are added to a case. The configuration is client-specific. For example, a fee may not be assessed for the first defendant, but a fee may be charged for each additional defendant.

## Viewing the Envelope Summary

The envelope summary provides a summary of case information, such as the location of the filing, the parties involved in the case, filing details, fees, and payments for the case. The date and time that the filing was submitted are also displayed. The time stamp corresponds to the time zone in which the filing occurred.

The party, filings, and fees information must be complete before you can view the envelope summary. A payment account must be assigned to the case to complete the filing process.

To view the envelope summary, perform the following steps:

1. Complete the required information in the **Case Information, Party Information, Filings, and Fees** sections.

2. After you have completed the fields in each section, click  .

# 10 Redaction Feature

## Topics covered in this chapter

- ◆ Entering a Filing with Redacted Documents
- ◆ Deleting a Redaction
- ◆ Working with an Existing Redaction
- ◆ Redaction Editor Toolbar
- ◆ Redaction Errors

In Release 2018.0 and later, the Odyssey File & Serve system supports the Redaction feature. Filers can redact a document, view the redacted document, and then make modifications, if necessary, before uploading the redacted document to the case management system.

**Note:** The Redaction feature is configured by Tyler and may not be available on your system.

**Note:** You can perform redactions by using the Redaction Editor (which is displayed as the *Tyler Content Manager* window). This window opens in a separate tab in your browser. You must enable pop-ups in your browser settings to view the Redaction Editor (*Tyler Content Manager* window) and to perform redactions. The icons that are visible in the Redaction Editor (*Tyler Content Manager* window) may differ slightly from the screen shots contained in this document.

The following data is automatically redacted:

- Social Security Numbers
- Tax ID Numbers (EINs)
- Passport Numbers
- Credit Card Numbers
- Driver's License Numbers
- Account Numbers
- Government ID Numbers
- Names of Minors Listed as Parties on the Case
- Dates of Birth of Minors
- Addresses of Minors Listed on the Case

You can enter a filing in which you upload a redacted lead document and redacted attachments if applicable.

**Note:** Waivers are not permitted when using the Redaction feature.

**Note:** The Redaction feature is configured by Tyler and may not be available on your system.

To enter a filing with redacted documents, perform the following steps:

1. From the **Actions** drop-down list on the *Filer Dashboard* page, select **Start a New Case**.

**Note:** You can also click **Start a New Case** on the *Filer Dashboard* in the **New Filing** section.

The *Start a New Case* page is displayed.

2. Complete the details for the new case by using the drop-down lists in the required fields in the **Case Information** section.

3. After completing all required fields in the **Case Information** section, click

Save Changes

4. Enter the required information in the **Party Information** section, and then click

Save Changes

5. Enter the filing details for the case in the **Filings** section:

# 11 File into an Existing Case

## Topics covered in this chapter

- ◆ Filing into an Existing Case from the Filing History Page
- ◆ Filing into an Existing Case from the Bookmarks Page
- ◆ Filing into an Existing Case from the Filer Dashboard Page
- ◆ Filing into an Existing Case with an Ad Damnum Amount
- ◆ Creating a Service Only Filing
- ◆ Filing an Appeal to an Existing Case

Once a new case has been created by the courts, you can file into the existing case.

**Note: Some cases are restricted by source type. If you attempt to file into a restricted case, an error message will be displayed, and you will not be able to access that case.**

Use one of the following methods to file into a case:

- On the *Filing History* page, locate the case that you want to file into. From the **Actions** drop-down list for the specified case, select **File Into Case**.
- On the *Bookmarks* page, locate the case that you want to file into. From the **Actions** drop-down list for the specified case, select **File Into Case**.
- On the *Filer Dashboard* page, click **File into Existing Case**.
- On the *Filer Dashboard* page, from the **Actions** drop-down list, select **File Into Existing Case**.

## Filing into an Existing Case from the Filing History Page

To file into an existing case from the *Filing History* page, perform the following steps:

1. On the *Filer Dashboard* page, from the **Actions** drop-down list, click **Filing History**.

The *Filing History* page is displayed.

**Note:** You can make the service contact a public contact by selecting the Make This Contact Public check box.

## Default State of Service Contacts

During filing creation, the system default is for all service contacts to be selected for Service Only and EFileAndServe filings. You can deselect the service contacts that are not needed for that filing. This feature shortens your filing time, especially if you have dozens of service contacts associated with a case.

Figure 12.13 – Service Contacts Selected by Default (With One Contact Deselected)

## Public Service Contacts

When a service contact is created and associated with a case, it can be designated as a public service contact. When specified as public, the service contact can then be used by anyone outside your firm.

**Note: The public service contacts feature is configured by Tyler and may not be available on your system.**

In addition, you can add service contacts from a public list to a case that you are starting or filing into.

## Removing a Service Contact from a Case

You can remove a service contact that was previously added to a case.

**Note:** You can remove a service contact from a case only if you or your firm created that service contact or added that service contact to the case.

To remove a service contact from a case, perform the following steps:

1. From the *Filing History* page, locate the case from which you want to remove a service contact. From the **Actions** drop-down list for the specified case, select **View Service Contacts**.

The *Service Contacts* page for the specified case is displayed.

The contact is removed from the case.

**Note:** A notification is sent to service contacts that are being removed from a case.

**Note:** If the contact is a public service contact, it remains on the public service contacts list and can only be removed from the public list by a member of the firm that originally added the service contact.

## Deleting a Service Contact from the Firm

You can delete a service contact associated with your firm.

To delete a service contact from your firm, perform the following steps:

1. From the **Actions** drop-down list on the *Filer Dashboard* page, select **Firm Service Contacts**.

The *Firm Service Contacts* page is displayed.

# 13 Filings

## Topics covered in this chapter

- ◆ Filtering the Filings Queue
- ◆ Copying the Envelope
- ◆ Viewing the Envelope Details
- ◆ Viewing the Filer ID in Envelope Details
- ◆ Viewing Envelope Details for Returned Filings
- ◆ Viewing Certified Mail Services Information in Envelope Details
- ◆ Viewing Motion Type Information in Envelope Details
- ◆ Resuming the Filing Process
- ◆ Canceling a Filing

After you have uploaded and submitted your filing, the filing is displayed on the *Filing History* page. From this page, you can view the status of your filing, check the filing type, get a document description, see the number assigned to your case, review the details of the case, and cancel a filing. You can also view the time and date that the filing was submitted. The time stamp corresponds to the time zone in which the filing occurred.

## View Filings

You can view the details of a case after starting a new case or filing into an existing case by using the *Filing History* page.

Use the *Filing History* page to perform many of the tasks associated with e-filing. From the *Filing History* page, you can manage your firm's service contacts on a case, view the details of the case, add existing case filings to a case, resume (continue) the filing process of a case saved as a draft, and cancel a filing.

## Filtering the Filings Queue

The *Filing History* page displays the status of each filing. The status information is located in the **Filing Status** column.

**Note:** You can see the status for only the filings that you have submitted, not for all filings related to a case.

To filter information in the filings queue, perform the following steps:

1. Select **Filing History** from the **Actions** drop-down list on the *Filer Dashboard* page.

All relevant information concerning your filings is displayed on the *Filing History* page.

## Copying the Envelope

You can copy an envelope to create a new envelope to resubmit to the courts if all filings on the envelope have been canceled or rejected.

**Note:** After you copy your envelope with a rejected filing, note that the first filing in the filing table is selected.

**Note:** This feature requires special configuration by Tyler. The feature can be configured two different ways. One way is to display the Copy Envelope option only one time. If the system is configured in this manner, you can copy the envelope only once. You cannot copy it again. The second configuration is to display the Copy Envelope option at all times. If the system is configured in this manner, you can copy the envelope multiple times.

To copy an envelope, perform the following steps:

- 1. From the **Actions** drop-down list, select **Filing History**.

The *Filing History* page is displayed.

To resume the filing process on the case, perform the following steps:

1. Select the draft on the *Filing History* page for which you want to resume a filing.
2. From the **Actions** drop-down list for the specified draft, select **Resume Draft Envelope**.  
The envelope is displayed at the location where you left off.
3. Continue completing the fields for this filing.

## Canceling a Filing

You can cancel a filing that you submitted before it has been reviewed by the court.

To cancel the filing, perform the following steps:

1. On the *Filing History* page, locate the filing that you want to cancel.

**Note: The filing must be in the Submitted state to be canceled.**

2. Pause the cursor over the Cancel icon (  ), and click the icon.

Note: Ensure that you want to cancel the filing before you click the icon. Once you click the icon, the filing is canceled immediately, and you cannot undo the action.

# 15 Reports

## Topics covered in this chapter

- ◆ Creating a Financial Reconciliation Report
- ◆ Creating a Filings Report

## Creating a Financial Reconciliation Report

The Financial Reconciliation Report contains a report at the envelope level that is designed to help filers reconcile their filing fees to their credit card statements.

To run a financial reconciliation report, perform the following steps:

1. From the **Actions** drop-down list, select **Reports**.

The *Reports* page is displayed.

The screenshot shows a web interface titled "Reports". It contains two main sections. The first section is for the "Financial Reconciliation Report", which is described as useful for reconciling financial transactions against filings submitted during a selectable time frame up to 60 days. It lists two bullet points: "Provides envelope level information specific to fees and their capture date" and "Delivered in an Excel spreadsheet to allow for filtering and searching". A yellow "Run Report" button is located to the right of this section. The second section is for the "Filings Report", described as useful for looking for detailed information about financial transactions. It lists two bullet points: "Provides filing level details specific to fees tied to each filing in the envelope" and "Includes a complete breakdown of the filing fees as well as the date the fees were captured". A yellow "Run Report" button is also located to the right of this section.

- 5. Open the report in Microsoft Excel, or save the report to another location.

## Creating a Filings Report

The Filings Report is a detailed look into every filing, filing status, and fee associated with the filings you or your firm performed.

To create the Filings Report, perform the following steps:

- 1. From the **Actions** drop-down list, select **Reports**.

The *Reports* page is displayed.
